Ed, Ashok, Guy, Patriciaa, Gary and Carmen
(Note: Patriciaa and Gary were on the phone)

Guy was giving his Webmaster Report. He needs authorization to renew domain registration for the SoCal ACA Website. The registration is through GoDaddy. The cost is \$20.00 for the registration itself. The cost for online anonymity is \$10.00.

This request was put to a vote. No objections, approved.

Guy is aware of another company, Los Angeles based, that could provide the same service as GoDaddy, but cheaper. He will investigate.

Further in Guy's Report he stated that Fall Mountain Retreat (FMR) turned down the offer \$30.00 for us to have a place for them on our website. Now, they are interested and asking questions.

Ashok - He stated that we should go ahead, but make the asking price be of the space/effort given.

Waiting to see if Las Vegas wants help with website.

Guy - Is to create a web-page called, "How we built our website". This is so if other ACA Members want to build a website of their own, the information will be readily available.
